SUBJECT: WIOA Policy for Demand Occupations

PURPOSE: To establish a policy for the development and use of demand occupations and demand skills listings in accordance with OETI 09-2005, Demand Occupations Policy, Dated April 27, 2005

This document contains **important information** about your rights, responsibilities and/or benefits. It is critical that you understand the information in this document, and we will provide the information in your preferred language at no cost to you. **Call Lafonda Crowder (580) 357-3500** for assistance in the translation and understanding of the information in this document.

¡IMPORTANTE! Este documento contiene **información importante** sobre sus derechos, responsabilidades y/o beneficios. Es importante que usted entienda la información en este documento. Nosotros le podemos ofrecer la información en el idioma de su preferencia sin costo alguno para usted. **Llame al Lafonda Crowder (580) 357-3500** para pedir asistencia en traducir y entender la información en este documento.

Telephone Relay Service is available by dialing 711 or 800-722-0353

POLICY:

A. South Central Oklahoma Workforce Board (SCOWB) shall establish and maintain a list of occupations in demand "Demand Occupations" that are:

1. In demand in the local board's Workforce Investment Area; or
2. Determined by the local board to be in sectors of the economy that have a high potential for sustained demand or growth in the local area; and
3. Are common to targeted industry clusters within the workforce investment area. Those occupations certified by the SCOWB as "demand occupations" for the current period are attached and included in this policy (Attachment 1). Training services will be offered only in those occupations as determined by the SCOWB that have a direct link to current or projected employment opportunities in the South Central Oklahoma Workforce Investment Area. A direct link must be indicated by a match between the O*Net Code in the Eligible Training Provider "Demand Occupations" Section of the training in question and the O*Net Code on the SCOWB Demand Occupation List."

Caddo County, Grady County, McClain County, and City of Chickasha Labor Market Area
Comanche County, Cotton County, Tillman County, and City of Lawton Fort Sill Labor Market Area
Jefferson County, Stephens County, and City of Duncan Labor Market Area

Equal Opportunity Programs/Employer – Auxiliary aids and services available upon request for individuals with disabilities

4. Demand occupations and targeted industries for each year are developed based on a review of the data contained in the South Central Workforce Investment Area of Economic Modeling Specialist International (EMSI) data for the WIOA. The North American Industry Classification System (NAICS) and the O*Net system were used in the preparation and review of the data.

B. SCOWB shall establish a list of demand skills that:

1. Support economic development priorities;
2. Focus on industrial sectors and clusters, whether present or emerging;
3. Address industry-specific or general shortages;
4. Enhance workplace literacy, including vocational English as a second language.

C. SCOWB will utilize the most current Industry and Occupational Projections for the area published by Economic Modeling Specialist International (EMSI) for the base data to develop the demand occupation list. The criteria for the demand occupation list are:

1. The occupation requires training that results in a license, certificate, credential or degree.
2. The occupation must have estimated 10 or more job openings during the time period of the Industry and Occupational Projections report.
3. The occupation must show growth during the time period of the Industry and Occupational Projections report.
4. The occupation must have an average wage of not less than the current self-sufficiency wage at the time the list is prepared.
5. The occupation requires more than a high school diploma or its equivalent and does not require a Doctoral or Professional degree.

In addition, occupations not meeting the above criteria may be added to the list because local information and board member experience indicate that occupation requires training and is in demand in the area. All of the state critical demand occupations that do not require a Doctoral or Professional degree will be considered in-demand. The list can be found at Oklahomaworks.gov.

D. Targeted industry clusters, demand occupations and demand skills will be identified by the board and documented in official meetings and recertified as current during the first meeting of each program year that qualifies for attendance by the public under the Oklahoma Open Meetings Act.

ACTION REQUIRED: SCOWB will disseminate the Demand Occupations List to the service provider after board recertification and/or when an occupation is added to the list. Service providers will use the "Demand Occupation List" to qualify individuals who select approved training programs directly

linked to employment opportunities in the South Central Oklahoma Workforce Investment Area (SCOWIA).

Revised Date: October 10, 2013

SCOWIB Approved Date: October 10, 2013

Revised Date: September 11, 2014 (to update new Demand Occupations List)
