POLICY: The South Central Oklahoma Workforce Board through our work with local healthcare employers has recognized that recruiting a sufficient number of people for employment or training in critical demand occupations for this workforce investment area requires increasing the number of people who are eligible for services. Examples of such occupations are all healthcare occupations on the South Central Oklahoma Workforce Board's Current Demand Occupation List. Hence, the board policy is that the income eligibility for critical demand occupations is set at 250% of the Lower Living Standard Income Level as set by the state of Oklahoma.
